

Activity

Well ✎

Not so well ✎

New Ideas ✎

Pair programming ✎

client asking us questions about things that we are going to do next rather than we asking them during the sprint review ✎

Have longer scrum meetings ✎

following all instructions as scrum master and product owner <3 ✎

haven't really been fully using the scrum meetings ✎

a better preparation for a sprint review ✎

Good communication :) ✎

not using useful github functionalities ✎

Use the task lists on github ✎

Working on the api day one be like
